

BUT NO ONE

by Su Friedrich

1982, 9 minutes, b&w, silent

Dark sky

Fat boy stands on a ledge

Women stand grief-stricken by the canal

Babies of all races float by

In colorful clothes

All dead or dying

Little mouths crying above the water

The must grab

Grab the live ones

He

She

He can't won't doesn't

Grab the live ones

But

No more float by
